

The house does not appear damaged. You hear a child crying and ring the doorbell, then knock on the door loudly. There is no response from inside and the child is still crying. You know the family that lives here.

Do you call this in?

What can you or your neighbors do to help?

This neighbor tells you her oxygen concentrator has a battery life of 4 hours and wants to know where she can access emergency power. She doesn't drive any more so she would also need transportation.

What can you or your neighbors do to help?

Your next-door neighbors, a family of three, complain of various symptoms: headaches, weakness, dizziness, nausea and vomiting, confusion, blurred vision, shortness of breath.

They report a rotten egg smell in the house.
